Siloam Springs Police Department Begins Move into New Facility

November 7, 2014 (Siloam Springs, Ark.) The Siloam Springs Police Department have begun moving into their new facility, located at 100 U.S. Highway 412 West. A grand opening is scheduled for Saturday, November 22nd from 11:00-2:00. Details of the grand opening will be forthcoming.

Siloam Springs Police Department will be relocating the records division and administrative offices this week. We expect the relocation to be completed for records, admin and CID by Monday, November 10th. The relocation will result in a *temporary* limitation on our ability to provide access to records or other requested administrative services.

Phone lines will be switching over Friday afternoon beginning at 4:00 p.m. The non-emergency police department phone number will stay the same (479) 524-4118. And will take you to an automated attendant for selection. **There will be no disruption in our communications or 911 services.** There will be a limited disruption on email until computers are configured to the new server and network.

Patrol Operations will operate between both locations to continue service to the community. Detention operations and communications dispatch center will remain in our current facility until further notice and can be reached at the 524-4118 number.
